Jennah, this references a **Ex. 5 Deliberative Process (DP)** and is not ready for public consumption. This particular subject matter is not ready to be released at this time.

thanks

Subject: Possible Tar Creek press release

Hi Katrina,

Joe and I saw the item below in the weeklies and wondered if there is something here that would make a good press release. Is there something substantive enough to write a press release about, either something specific or a general update about the site? Let me know what you think.

Thanks,
Jennah
